*ADDENDUM to
Jonathan Bendor and Piotr Swistak – Evolutionary Equilibria: Characterization Theorems and their Implications
published in Theory and Decision, Volume 45, No. 2 (1998), pp. 99– 159.

The authors would like to thank Gordon Hines, Marek Kaminski, and Pat Wilber for their helpful comments on earlier versions of this paper. They are especially grateful to a *Theory and Decision* referee for his/her insightful points and queries.
